

Under The Umbrella of

The French Egyptian Year of Science and Technology 2010

The International Workshop on Industrial Biotechnology, July 3-4, 2010

Cairo, Egypt

Under The Patronage of

H.E. Prof. Dr. Hany M. Helal

**Minister Of Higher Education & State Ministry Of Scientific
Research**

Dear **Prof. Dr. Akrum M. M. Hamdy**

In the frame of The French-Egyptian Year of Science and Technology 2010, we are pleased to invite you to **deliver your oral presentation** in the International Workshop on Industrial Biotechnology to be held at Cairo, Egypt in the period in July 3-4, 2010.

The Industrial Biotechnology known as White Biotechnology is considered to be a revolutionary field side by side with red and green biotechnology.

The Main goals of the workshop can be summarized as follows:

1- Strengthening the collaboration between the Egyptian and international researchers in the promising and prospective field.

2- Providing the investors with distinct business models mobilizing them to build up the Egyptian industrial biotechnology.

Several key speakers from and outside Egypt are going to deliver their up-to-date research activities.

The workshop will discuss wide spectrum of Biotechnology-related issues including Food Processing, Bio-Processing, and Enzymes Industry, Bio-Products (Bio-Fertilizers- Bio-Pesticides, Bio-Plastic, and Bio-Animal Feeding). The workshop will also discuss the recent trends in Bio-Fuel as well as some Medical aspects.

The workshop will also dedicate a special session for Business-Research matching consolidating the research-industry channeling.
