Easy Survey Creation

It's easy for you to create surveys with SurveyGizmo.

Our survey editor allows you to quickly design, edit and launch your survey.

Design Control

You have total control of design, language & layout.

You can make your surveys feel like "your" brand, not ours.

Publishing Options

Every publishing option you need (or could want).

Email, link, secure link, embedded surveys & more.

All Responses

Item	Response	% of Responses	Rate	
15	Yes - I'd like to know more	47000%	Yes	60%
22	Yes - I'd like to know more	47000%	Yes	20%
33	Yes - I'd like to know more	47000%	Yes	20%

Reporting

Reporting with filters, charts & analysis at your fingertips.

Use our reporting tool. Or export to CSV, Word, PDF, XLS, & SPSS.

Getting Help

We're here to help you.

Welcome, shahanaz1

Hello, welcome to SurveyGizmo!
We're glad you're here.

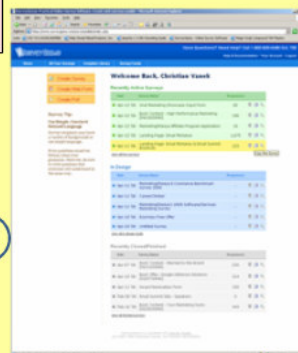

This is your SurveyBuilder dashboard.

As you launch more surveys, website forms, landing pages, and polls this screen will start showing recent activity.

Get going: [Create your first survey!](#)

Just playing around? Try creating a simple survey to send to your co-workers (like: where do you want to go for lunch or what did you think of that meeting today?)

Survey Theme Editor

The theme editor allows you to make changes to your survey's colors, fonts, layout and text. As with most of SurveyGizmo you have a lot of options -- don't be afraid to get your hands dirty. Once you decide you love a customized (or totally new theme), you can copy it into your Theme Library and use it for other surveys!

Base Theme:
You are currently using **Blue-Grey** as the base theme for your survey.

Customizable Options:
Every theme has customizable options that you can change directly in the theme editor (bottom of page).

Standard Survey Text
