A poor man, who couldn't read or write, asked for work as doorkeeper of a hotel. The owner of the hotel said: "I'm sorry, you can't work here because you can't read or write". The poor man was sad. <u>He</u> began to go from house to house selling knives and brushes. After two years, he had enough money to open a shop. He worked hard and the shop grew bigger.

After ten years, the man owned ten shops and became very rich. In the town where he lived, he built a hospital and a doctor asked him to write his name in the visitor's book. "I've never been to school ", the man said. "I can't even write my name.". "What!" the doctor cried, "Can't you write at all? If you learned to write when you were **young**, you would be a great man now.". "I don't think so.". The man said. "I should be only a doorkeeper.".

COMPREHENSION

Read the following passage, then answer the questions below:

Yesterday, I read a funny story in a magazine. The story said that two lions escaped from the zoo last Wednesday. The lions were in a small cage but got out and jumped over a wall. The zookeeper said, "We think that a visitor opened the cage." The police have given a warning to people: "Don't go near wild animals. You must report everything to the police."

In the following day, a Farmer saw a lion on his farm. <u>He</u> was <u>terrified</u>. He ran to the nearest town and phoned the police. When a police car came to the place, they discovered that it was not a lion but a very big dog.
